Crew Profile

Captain Colin and Chef Penny Moors

Your summer crew aboard Saboré is a delightful British twosome, whose friendly dispositions and professional attitude will make you feel totally at home whilst on board. Together since 1987, they achieved their dream to pursue sailing full time in 1995. Equipping their own 35 foot sailboat, they left England to start an adventure that took them to Spain, Portugal and the Canaries, before crossing the Atlantic to the azure waters of the Caribbean. Since 1997, they have successfully completed over 175 charters in this cruising paradise.

Their guest book says it all! Colin and Penny know what it takes to tailor a charter to your particular needs.

Colin, Royal Yachting Association Yacht Master, has the sea in his blood. From his first turn at the helm at the age of 5, whilst sitting on his father's knee, he proudly continues the family tradition established by his great grandfather who sailed the world on the Tea Clipper ships.

Well qualified, with over 75,000 miles of sailing experience and an intimate knowledge of Caribbean waters, Colin will enhance your sailing vacation and make your safety of paramount importance. Enormously practical, with a background in the electrical field, Colin is great fun and has an affinity with people of all ages.

Penny, a Qualified English Nanny who worked internationally, has a fun loving approach to life and is gifted in attending to people's needs. An excellent chef, she discovered her creativity and gourmet skills at an early age. Dining aboard Saboré is special, as each colourful and varied dish delights the eye and tantalizes the taste buds, reflecting the influences of her extensive travels. A Royal Yachting Association Day Skipper, who is as at home on the water as she is in the galley, Penny compliments her husband, Colin.

Caribbean waters are amongst the finest in the world for water sports of all types. As a PADI Instructor and Dive Master respectively, they will ensure that you get the very best fun and excitement above and below the water.

Knowing the secret to success aboard any charter yacht is teamwork; Colin and Penny work closely together, giving special attention to guest's preferences. Let them create an unforgettable and memorable vacation. You choose! Party the islands? Quiet relaxation? Or maybe quality family time?

We're sure your vacation aboard Saboré will be the first of many.

"Come as guests and leave as friends"
